Friends of Kenilworth
AQUATIC GARDENS

Kenilworth Aquatic Gardens is an inviting oasis in Washington, D.C. and the only national park dedicated to water-loving plants, including other-worldly lotus and water lilies.

As the official philanthropic partner for this site, we connect people to the park through stewardship, education, and engagement in cooperation with the National Park Service. We do this by:

- *Engaging volunteers*
- *Enhancing park infrastructure*
- *Supporting youth education and public programs (concerts, festivals, etc)*
- *Building community partnerships*
- *Fundraising for special park initiatives*

Support Your Park

- *Donate now at the Visitor Center or online at kenaqgardens.org*
- *Volunteer with us*
